ASSEMBLY AND INSTALLATION INSTRUCTIONS for the 3184 Fixture

Important Safety information (Please read before proceeding)
1. Remove the fixture, parts and all mounting hardware bags (orange) from the carton and verify that all parts are present according to the illustration sheet. All parts must be used as indicated. Do not replace any parts, leave any parts out, or use any parts which are worn out or broken. Failure to follow the instructions could cause a hazardous situation, voids the warranty and violates the U.L. listing of the fixture.
2. To prevent the electric shock, turn off the main power at the circuit breaker before installing the fixture. NEVER attempt to install, clean or replace bulbs without shutting off the electricity to the fixture.
3. Never use light bulbs with wattage ratings that exceed the fixtures maximum rating. Always make sure the electric current is turned off before changing the bulbs.
4. If you experience difficulties installing the lighting fixture or it fails to work as expected, please contact a local qualified licensed electrical contractor.
5. Please contact your local Capital Lighting Fixture reseller with any assembly or installation questions. Your local reseller can also provide you with replacement parts for your new fixture.

Assembly Instructions to ROD MOUNT the 3184 Fixture
1. Rotate Internal Decor Trim (23) so they are equally spaced around the fixture. Note: If the fixture does not hang straight it is normally due to the trim spacing not being equal.
2. Attach External Decor Trim (22) onto Internal Decor Trim (23) with Thread Bolt with Ball Knob (21) tightly per the illustration shown.
3. Pass Lead wire from top of Light Cluster (20) thru Bottom Center Tube (19), Coupling (18), Decor Branch (17), Top Center Tube (16) and Swiveling (15) of Fixture (14), then screw all together tightly.
4. Pass lead wire from Fixture (14) through Rod (13), Coupler (12), Rods (11), Coupler (10) and Rods(09), then screw all together. Note: The fixture height can be adjusted by the number of rods installed in the fixture.
5. Pass lead wire through Nipple (08) and Canopy (06), then slip Lock Washer (05), thread Hex Nut (04) onto Nipple (08). Finally, tighten Hex Nut (04) to secure Canopy (06).
6. Find appropriate threaded holes on Mounting Bar (01), and assemble Mounting Screws (02) into threaded holes with Hex Nuts (26).
7. Attach Mounting Bar (01) to Outlet Box with Outlet Box Mounting Screws (03).
8. Connect fixture ground wire to outlet box ground wire with wire connector supplied; connect white fixture wire to power supply white wire with wire connector supplied; connect black fixture wire to power supply black wire with wire connector supplied.
9. Push fixture to ceiling, carefully passing Mounting Screws (02) through holes in Canopy (06), then verify all wires are securely inside Canopy (06). Finally, secure fixture to ceiling with Ball Knobs (07).
10. Hang Crystal Drop-A (A1, A2, A3 and A4), Crystal Drop-B (B1, B2, B3 and B4) and Crystal Drop-C (C1, C2, C3 and C4) onto Decor Branch (17), then hang Crystal Drop (25) onto small Loop (24) from bottom of Light Cluster (20) per the illustration shown.
